

Why buying en EV?

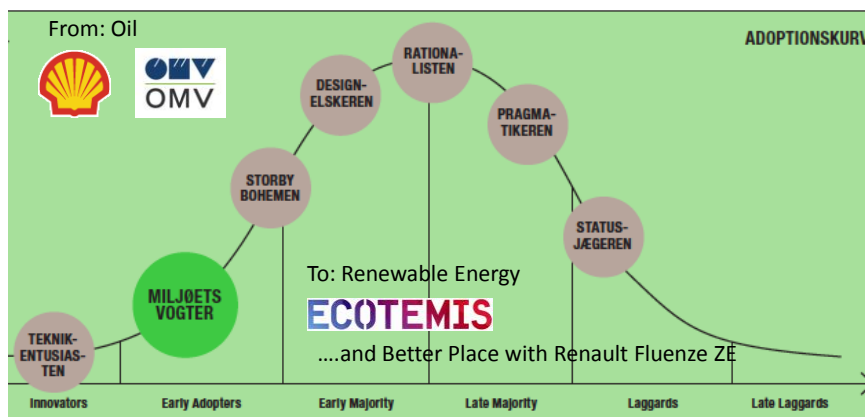

.....is it any good?

'Jeg er så glad for min elbil'

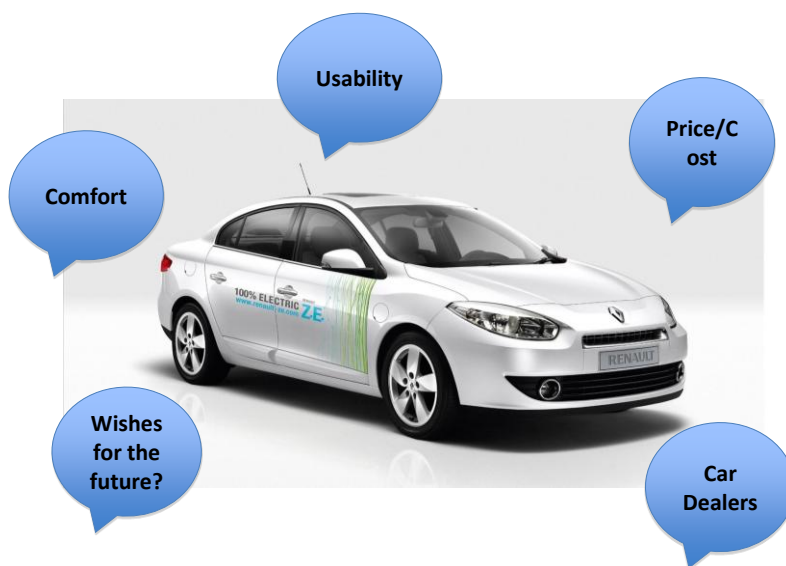

"It takes place in a car. Copenhagen-Køge return. It is the first real winterday with snow, frost and icy roads. But inside the elegant black car it is warm, cosy and comfortable. **And quiet.** Not a sound from the motor, despite 100 km/h on the motorway. At the wheel is Steen Frederiksen. **He is not particularly quiet though.** He talks passionately about the excellence of the car – and explains the advanced displays on the dashboard. Almost the whole way to Køge....."

Inroad of EV's to the Consumer - Do I fit the archetype?
